

ART NEWS FLASH 19th June 2018

Waltz Sequence 120 Tempo

Please note there is a new dance to replace the plain skating dance both as a selected dance and also for medal test 1 for both solo dance and dance pairs skating.

This is to come into circulation and use after the 2018 New Zealand Championships, ie after the 23rd July 2018.

Both the dance pattern and instructions are now uploaded on to the Artistic website under resources/technical manuals/dance manuals/new dances. These will be included in their respective manuals when the manuals are due for updating, and also attached in the accompanying email for circulation.

Novice Grade

It has come to the Committee's attention that the name of this grade is not widely regarded, and as it is at Area level only and not part of the World Skate RollArt revamp we are able to perhaps rename it. The Committee is therefore seeking suggestions of alternative names that could be adopted.

Please send these suggestions to the Artistic Committee Secretary at artistic.committee@gmail.com

Please circulate this newsflash to all your clubs' coaches, judges and skating members.

Yours in Skating

Yvonne Lambert-Smith

NZFRS Artistic Roller Sports Committee Secretary and Interim Chairperson
