Although growth within the club has been minimal it has been as busy season for Rollerland with the new requirements for entry to Nationals we have had several skaters requiring to pass "Medal Tests" before being able to compete. We attended Medal Tests in Nelson earlier this year and had one skater gain 2 medals (1 in dance & 1 in free), one skater gain 3 medals (1 in dance & 2 in free) and one skater gain 5 medals (1 in dance, 2 in free & 2 in figures). This was a huge effort from all involved (skaters & coach) considering the limited resources available to the club and still having the requirement to train for the competition season.

Rollerland attended "Areas" competition that was held in Blenheim where both competitive and novice skaters were able to attend and obtained some good results.

Rollerland still run a learn to skate class in the Parafed Hall in Marshlands on Saturday mornings while our competitive skaters train in the Rolleston Community Center on Sunday afternoon.

We would like to thank our coach Kerrie Olsten for all her hard work and time that she puts in, without which the club would struggle to survive.

As I have taken another job in Blenheim this will be the end of my time with Rollerland, and I would like to thank all those people that have helped "to get things done" and wish the club well for the future.
