

Rotorua Rollerskating Club Report for 2018

This year our numbers have continued to grow well in all of our classes. Currently we have 6 different skating class levels and have moved away from using badges (patches) and instead skaters are placed in classes that they remain in for a full year and will sit an annual proficiency test. This has allowed for more consistency and flexibility in planning our learning directions.

The main event of the year is our Mid Year Show which was held in June. It was a great success and has helped to grow our profile within the community and our strong team spirit across all levels of skaters.

We will once again run a development squad this year in term three to help skaters transition from learn to skate classes to competition and non competitive advanced lessons and show groups.

We are focused on building skaters' basic skills in free skating through weekly group lessons. And this year we have also started an early morning fitness skate class which has helped skaters with their core strength and fitness.

Our club has started planning for our Christmas Show to be held in December and we'll be starting new show groups in October.

Kind Regards

Aly Bennett
