Precision Reserves Rule

The Artistic Committee has recently received some feedback from precision coaches and have decided to make the following accommodations in respect to the reserve rules for domestic precision teams.

NZ Open Mini Precision and NZ Masters Mini Precision grades:

A reserve skater is not required however, if the team cannot present a minimum of 4 skaters on the floor at a competition then the team must withdraw.

NZ Open Precision and NZ Masters Precision grades:

A reserve skater is not required. A team who is unable to present 8 skaters on the floor may apply to the Artistic Committee for dispensation to skate with 7 skaters however, if the team cannot present a minimum of 7 skaters on the floor at a competition then the team must withdraw.

Any team entering a World Skate precision grade will need to adhere to the World Skate rules and have a named reserve on the team.

Please circulate this News Flash to all your club members.

Yours In Skating,
