Program Element Sheets

Program Element Sheets

All competitors entering a World Skate aligned grade in a Dance or Freeskating event will need to submit a Program Element sheet with their entry forms for any competition that they enter this year or in the future.

At this stage the World Skate Aligned grades are: Primary/Minis – all disciplines, Juvenile/Espoir – all disciplines, Cadet – all disciplines, Youth – all disciplines, Junior – all disciplines, Senior – all disciplines, Preliminary – all disciplines, Advanced Solo Freedance, Advanced Couples Freedance, Tiny Tots/Tots Free, Advanced Free, Masters Free

Program content sheets have been sent with this newsflash, and can also be found on the World Skate website at <http://www.worldskate.org/artistic/about/regulations/category/260-judges-forms.html>

As the RollArt scoring system requires that judges have these program sheets in advance of the event, the organizing committee for each competition will be required to manage the collection of sheets from skaters and distribute them to the judging panel.

Laurie Hastie, Waikato/BOP Regionals, all Area Competitions and other events before the NZ Artistic Championships will have a number of events judged under the RollArt system. If the organising committees of any of these events have any questions, or would like to discuss RollArt requirements please contact the RollArt Steering Committee directly by sending an email to rollartnz@gmail.com

Please circulate this News Flash to all your club members.

Yours In Skating,

Janine Price
