	Yvonne welcomed the Committee.	
ITEM 2	World and Oceania Champs Solo Dance Selection	
	<p>The World Skate rules around country allocation for Solo Dance events at World Skate Events means that decisions will have to be made at times between sending a male or female skater to Oceania Champs and World Champs.</p> <p>The committee discussed having a range of factors for the selection panel to take into consideration when making their recommendation.</p> <p>Following consideration, the selection panel will assess the various candidates against a range of factors, interview each candidate if required, and make a recommendation to the Artistic Committee who will make the final decision. Feedback will be given to all applicants regarding this decision.</p> <p>Jenny and Yvonne will create a selection schedule/matrix, test it against results and information on file for previous years and report back to the committee.</p> <p>The finalised selection process will then be discussed with the Selectors and the selected Team Manager and Coaches for 2025, then ratified by the NZFRS Board and released to the skating community as part of our updated existing selection policy.</p>	Jenny, Yvonne
ITEM 3	Oceania and Pacific Cup Format	
	<p>The Committee has asked for clarification from WSOATC regarding the format of the Oceania and Pacific Cup competitions for 2025.</p> <p>At this point the WSOATC has advised that these competitions will be run as separate competitions with Pacific Cup being run as a “Championship of Clubs”. This format will have ramifications for how the NZ team is organised and composed.</p> <p>The Committee discussed different scenarios and will send out information to the skating community via email to communicate these changes.</p> <p>We are expecting further bulletins to be published by the WSOATC.</p>	Janine
