

NEW ZEALAND ARTISTIC ROLLER SPORTS COMMITTEE

POLICY 11

INTERNATIONAL TRAINING AND DEVELOPMENT

Purpose:

To fully utilise opportunities and resources, for coaching and/or training, while avoiding conflict of schedules with the NZFRS Artistic Roller Sports Committee

To clarify the process for application for a sanction to compete in international competitions other than **World Championships or World Figure Cup or Oceania Artistic Championships**.

Please also refer to the Selection Policy 5, for further clarifications on international competitions.

SANCTION FOR INTERNATIONAL COMPETITION

Australian National Championships

An Individuals application to compete in the Australian National Championships can only be considered by the NZFRS Artistic Roller Sports Committee, when received from the skater's club. This may be approved by the NZFRS Artistic Roller Sports Committee. Upon such approval, the NZFRS Artistic Roller Sports Committee will forward to the NZFRS Board for ratification and issuing of a sanction.

Reference to other International Competitions have been removed as this has been superseded by Policy 5 updates.

INTERNATIONAL TRAINING

Skaters and/or coaches wishing to train offshore are requested to notify the NZFRS Artistic Roller Sports Committee of their plans through their club secretary.

INVITED INTERNATIONAL COACHES/SKATERS

Club and/or Private Coaches initiative

Any club and/or private coach/or persons whose intention it is to invite an international coach and/or skater to New Zealand are requested to notify the NZFRS Artistic Roller Sports Committee of the proposed invitation before the invitation is issued. This is to avoid clashing of dates of the proposed High Performance **Squad** plans.
